Management College

消防大学校

—2026年度—

消 防 庁
Fire and Disaster Management Agency

国民の安心・安全を確保するために…

To Ensure the people's safety and security

消防大学校の設置目的

消防大学校は、国及び都道府県の消防の事務に従事する職員並びに市町村の消防職員及び消防団員に対し、幹部として必要な教育訓練を行うとともに、消防学校並びに消防職員及び消防団員の訓練機関の行う教育訓練の内容及び方法に関する技術的援助を行うことを目的として設置されたものです。

<消防組織法（昭和22年法律第226号）第5条>

<総務省組織令（平成12年政令第246号）第152条>

The Purpose of the Fire and Disaster Management College

The Fire and Disaster Management College was established to provide high quality executive education and training which is essential to officials of national and prefectural governments who are involved in fire and disaster management, as well as the firefighters and volunteer firefighters of municipalities across the country. The College also provides technical support for local fire academies.

<Article 5, Fire and Disaster Management Organization Act (Act No. 226, 1947)>

<Article 152, Cabinet Order on Organization of the Ministry of Internal Affairs and Communications (Cabinet Order No. 246, 2000)>

消防大学校教育体系

Educational System

総合教育(4学科)

Comprehensive Education(4 courses)

- 幹部科
• Comprehensive Course for Executives
- 上級幹部科
• Comprehensive Course for Top-Level Executives
- 新任消防長・学校長科
• Comprehensive Course for Newly-Appointed Fire Chiefs and Fire Academy Principals
- 消防団長科
• Comprehensive Course for Volunteer Fire Chiefs

専科教育(8学科)

Specialized Education(8 courses)

- 警防科
• Specialized Course for Fire and Disaster Management on disaster scenes
- 救助科
• Specialized Course for Rescue Workers
- 救急科
• Specialized Course for Ambulance Services
- 予防科
• Specialized Course for Fire Prevention and Inspection
- 危険物科
• Specialized Course for Hazardous Materials Control and Management
- 火災調査科
• Specialized Course for Fire Investigation
- 新任教官科
• Specialized Course for Newly-Appointed Instructors of Local Fire Academies
- 現任教官科
• Specialized Course for Instructors of Local Fire Academies

実務講習(9コース)

Practical Lectures (9 courses)

- 緊急消防援助隊教育科(4コース)
• Specialized Courses for National Fire Service Team for Disaster Response(4 courses)
- 危機管理・防災教育科(3コース)
• Specialized Courses for Crisis Management and Disaster Preparedness Education (3 courses)
- 女性活躍推進コース
• Female Firefighters' Empowerment Course
- 査察業務マネジメントコース
• Fire Inspection Management Course

沿革

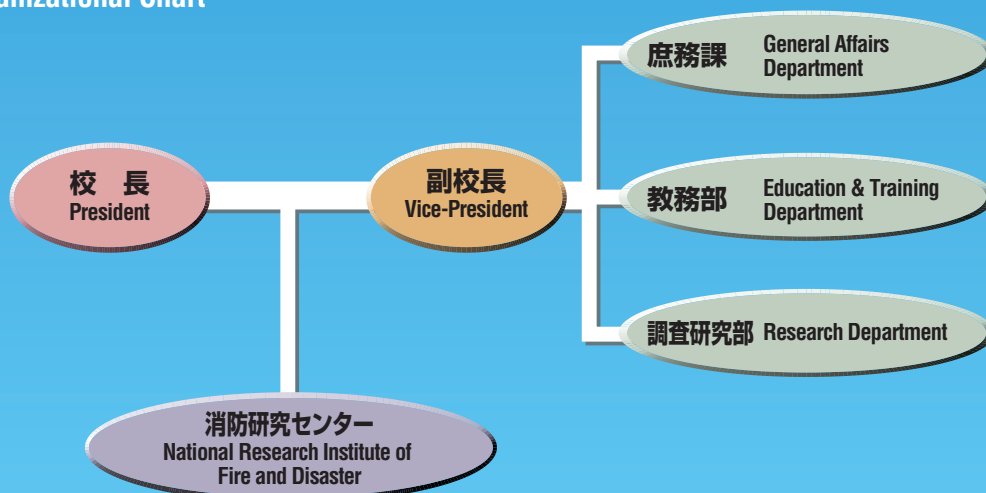

昭和23年	消防講習所創設 指導者養成科（昭和28年度から平成17年度まで本科、現幹部科）開講 火災原因調査科（現予防科）開講
昭和25年	研究科（現上級幹部科）開講 消防団長科開講
昭和34年	消防組織法が改正され消防大学校として発足 校章、校旗制定
昭和40年	警防科開講
昭和43年	救急科開講
昭和55年	皇太子殿下（現上皇陛下）行啓
昭和56年	救助科開講
昭和61年	幹部研修科（現幹部科）開講
平成8年	第二本館（講堂、救急訓練室、屋内訓練室）、屋内火災防ぎょ訓練棟、不二寮（北寮）完成
平成10年	不二寮（南寮）完成
平成13年	新本館完成 省庁再編により総務省消防庁消防大学校となる 火災調査科開講
平成18年	独立行政法人消防研究所が廃止され、消防大学校に消防研究センターを設置し移管 幹部科、新任消防長・学校長科、危険物科、新任教官科開講、eラーニング開始
平成21年	消防大学校創設50年を迎える
平成28年	女性職員の研修機会の拡大（女性活躍推進コースの開講）
平成29年	現任教官科開講

History

1948	Foundation of the Fire and Disaster Management Training Center Leader Training Course established (former Main Course, present comprehensive course for Executives) Fire Cause Investigation Course established (present Fire Prevention Course)
1950	Research Course established (present Top-level Executive Course) Volunteer Fire Chiefs Course established
1959	Fire and Disaster Management College was founded under revision of Fire and Disaster Management Act College emblem and flag established
1965	Specialized Course for Fire and Disaster Management established
1968	Specialized Course for Ambulance Services established
1980	Official visit by His Majesty the Crown Prince of Japan (present His Majesty the Emperor Emeritus of Japan)
1981	Specialized Course for Rescue Course established
1986	Former Training Course for Executives (present Comprehensive Course for Executives) established
1996	Second Main Building (Auditorium, Ambulance Training Room, Indoor Training Room), Indoor Fire Suppression Training Wing and Fujiryō Dormitory (North Dormitory) completed
1998	Fujiryō Dormitory (South Dormitory) completed
2001	New Main Building completed Following Reorganization of Ministries and Agencies, the Fire and Disaster Management College of the Fire and Disaster Management Agency, Ministry of Internal Affairs and Communications Fire Investigation Course established
2006	The National Institute of Fire and Disaster as an Incorporated Administrative Agency had been dissolved and was regenerated as the National Research Institute of Fire and Disaster as part of FDMC And the duties were taken over by the new Institute established as a part of the Fire and Disaster Management College Educational system was revised (Executive Course, Newly-Appointed Fire Chiefs and Fire Academy Principals Course, Hazardous Materials Course, and Newly-Appointed Instructors Course established, E-learning started)
2009	The 50th anniversary of the Fire and Disaster Management College Foundation
2016	Educational system was revised (Training Opportunities for Female Firefighters were expanded and Female Firefighters' Empowerment Course was established)
2017	The Local Instructors Course established

Organizational Chart

消防の指導者にふさわしい高度な教育訓練

High Quality Education and Training for Fire Service Leaders

Comprehensive Education

総合教育

幹部科 (教育日数：33日間) Comprehensive Course for Executives (33 days)

消防に関する高度の知識及び技術を総合的に修得し、消防の上級幹部にふさわしい能力の向上を目指します。

This Course provides the top-quality knowledge and skills required for the executive-level fire fighters.

行政動向全般、消防作用法等の消防関係法制、組織運営、実務研究、大規模災害時の現場指揮理論、多様な指揮訓練、図上訓練

Current Policy Topics in Government; Fire Service related Legislation; Organization Management; Practical Research; Incident Command Theory; Various Command Drill; Tabletop Drill

指揮訓練
Command Simulation

上級幹部科 (教育日数：13日間) Comprehensive Course for Top-Level Executives (13 days)

消防に関する高度の知識及び技術を総合的に修得し、現に消防の上級幹部である者の資質の向上を目指します。

This Course provides the Top-Level Executives with opportunities for enhancing their management skills.

行政動向全般、消防実務管理、危機管理、図上訓練、指揮シミュレーション

Current Policy Topics in Government; Management of Fire Service Operations; Crisis Management; Tabletop Drill; Command Simulation

課題研究演習
Research Activity

新任消防長・学校長科 (教育日数：9日間) Comprehensive Course for Newly-Appointed Fire Chiefs and Fire Academy Principals (9 days)

一般行政から転じた新任の消防長・消防学校長を対象に、その職に必要な知識及び能力の総合的な向上を目指します。

This Course provides the knowledge and skills required for the newly appointed fire chiefs and fire academy principals who are appointed from ordinary local government employees.

行政動向全般、危機管理、指揮訓練、図上訓練、指揮シミュレーション

Current Policy Topics in Government; Crisis Management; Command Training; Tabletop Drill; Command Simulation

大隊訓練見学
Monitoring of Battalion's Training

消防団長科 (教育日数：5日間) Comprehensive Course for Volunteer Fire Chiefs (5 days)

消防団の上級幹部を対象に、その職に必要な知識及び能力の総合的な向上を目指します。

This Course aims to develop the knowledge and skills of the volunteer fire chiefs and executives required for their positions.

消防団運営、女性消防団活動、行政動向、消防実務管理、安全管理、図上訓練

Volunteer Fire Corps Management; Female Volunteer Firefighters' Activities; Current Policy Topics in Government; Management of Fire Service Operations; Safety Management; Tabletop Drill

警防科 (教育日数：35日間)

Specialized Course for Fire and Disaster Management on Disaster Scenes (35 days)

警防業務に関する高度の知識及び技術を専門的に修得し、警防業務の教育指導者等としての資質の向上を目指します。

This Course aims to improve the performance of the local firefighting commanders through learning the advanced technical knowledge and skills on various disaster scenes.

警防活動の多様な理論・事例・戦術、指揮訓練、図上訓練、教育技法、講義演習

Theories, Case Study and Strategies on Disaster Scenes; Command Training; Tabletop Drill; Teaching Skills

救助科 (教育日数：35日間)

Specialized Course for Rescue Workers (35 days)

救助業務に関する高度の知識及び技術を専門的に修得し、救助業務の教育指導者等としての資質の向上を目指します。

This Course provides local rescue leaders with advanced knowledge and skills essential on various rescue scenes, while also fostering their capabilities as educators in the field of rescue services.

救助活動の多様な理論・事例・技術・戦術、指揮理論、訓練の企画・運営演習

Theories, Case Study, Skills and Strategies of Rescue; Command Theory; Planning of Training; Management Skills

救急科 (教育日数：28日間)

Specialized Course for Ambulance Services (28 days)

救急隊長等を対象に、高度の知識及び能力を総合的に修得し、救急業務の教育指導者等としての資質の向上を目指します（指導救命士養成教育含む）。

This course aims to provide ambulance service team leaders with comprehensive and advanced knowledge and skills in ambulance services, while also fostering their capabilities as educators in the field.

救急活動の多様な理論・事例・技能訓練、訓練の企画・運営演習・救命士再教育（課題研究）

Theories, Case Study and Skills of Ambulance Services; Development of the Training; Management Classes: Brush-up Course for Emergency Medical Technician Specialized Education

予防科 (教育日数：35日間)

Specialized Course for Fire Prevention and Inspection (35 days)

予防業務に関する高度の知識及び技術を専門的に修得し、予防業務の教育指導者等としての資質の向上を目指します。

This Course provides team leaders in the field of Fire Prevention with the advanced knowledge and skills, while fostering their capabilities of educators in the field.

予防に関する行政動向・法制、燃焼理論、査察・違反処理、性能規定、教育技法、講義演習

Current Policy and Legislative Topics in Government regarding Fire Prevention; Combustion Theory; Inspections and Procedures against Violation; Performance-Based regulations; Teaching skills

Specialized Education

専科教育

危険物科 (教育日数：22日間)

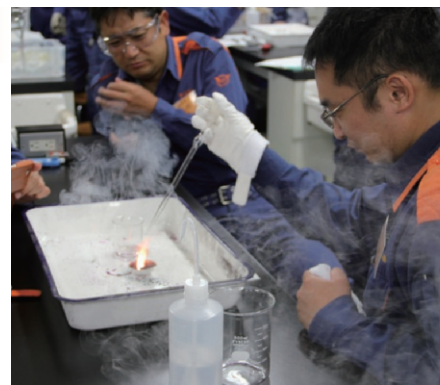

Specialized Course for Hazardous Materials Control and Management (22 days)

危険物保安業務に関する高度の知識及び技術を専門的に修得し、危険物保安業務の教育指導者等としての資質の向上を目指します。

This Course aims to provide team leaders in the field of Hazardous Materials Control and Management with the advanced knowledge and skills, while fostering their capabilities of educators in the field.

危険物保安に関する行政動向・技術基準・性能規定、企業防災、危険物物理化学・材料工学の理論、実務研究・演習

Current Policy Topics in Government, Technical Standards, and Performance-Based Regulation regarding the Safety of Hazardous Materials; Corporate Fire Safety; The Physics and Chemistry of Hazardous Materials; Materials Engineering; Practical Research and Drills

燃焼理論
Combustion Theory

火災調査科 (教育日数：35日間)

Specialized Course for Fire Investigation (35 days)

火災調査業務に関する高度の知識及び技術を専門的に修得し、火災調査業務の教育指導者等としての資質の向上を目指します。

This Course aims to provide team leaders in the field of Fire Investigation with advanced level knowledge and skills, while fostering their capabilities of educators in the field.

火災調査概論、燃焼理論、火災調査の現場運営・鑑識要領、模擬家屋調査実習、訴訟対応、教育技法

Basic Understanding of Fire Investigation; Combustion Theory; Field Management and Detailed Analysis of Fire Investigation; Residential Fire Investigation Simulation; Legal Practice with Court Cases; Teaching Skills

模擬家屋調査実習
Investigation
Training

鑑識要領実習
Detailed Analysis Training

新任教官科 (教育日数：9日間)

Specialized Course for Newly-Appointed Instructors of Local Fire Academies (9 days)

新任の消防学校教育訓練担当職員等を対象に、その職に必要な知識及び能力の向上を目指します。

This Course aims to provide newly appointed instructors at local fire academies with the advanced knowledge and skills, while fostering their capability as instructors.

教育心理学、教育技法、講義演習、消防実務管理、安全管理、実務研究

Educational Psychology; Teaching Skills; Teaching Practice; Management of Fire Service Operations; Safety Management; Practical Research

現任教官科 (教育日数：10日間)

Specialized Course for Instructors of Local Fire Academies (10 days)

現任の消防学校教育訓練担当職員等に対し、業務運営の企画及び予防業務並びに警防業務を包括的に指導できる能力を修得させることを目指します。

This Course aims to develop the capability of active Instructors of Local Fire Academies, especially in the field of Curriculum Planning, Education for Fire Prevention and Fire and Disaster Management on Disaster Scenes.

行政動向全般、実務研究、安全管理、訓練の企画・運営演習

Current Policy Topics in Government; Practical Research; Safety Management; Planning and Management of Exercise

Support for Local Fire Academies across the country

消防学校等支援

全国の消防学校又は消防教育訓練機関に対し、教育訓練の内容及び方法に関する次のような技術的援助を行っています。

1. 学校長に対する新任教育(新任消防長・学校長科)
2. 消防学校教官に対する教育(新任教官科、現任教官科)
3. 消防学校等に対する講師の派遣
4. 消防学校等で使用される教科書の作成
5. 消防学校等への講師情報の提供等

We provide the following technical supports in regards to training programs and methods, to fire academies and fire education / training organizations.

1. Education for Newly-Appointed Fire Chiefs and Fire Academy Principals.
2. Education for local instructors at Fire Academy.
3. Dispatch of lecturers for Fire Academy, etc.
4. Production of textbooks for Fire Academy, etc.
5. Offering information regarding lecturers to Fire Academy.

Special Seminars

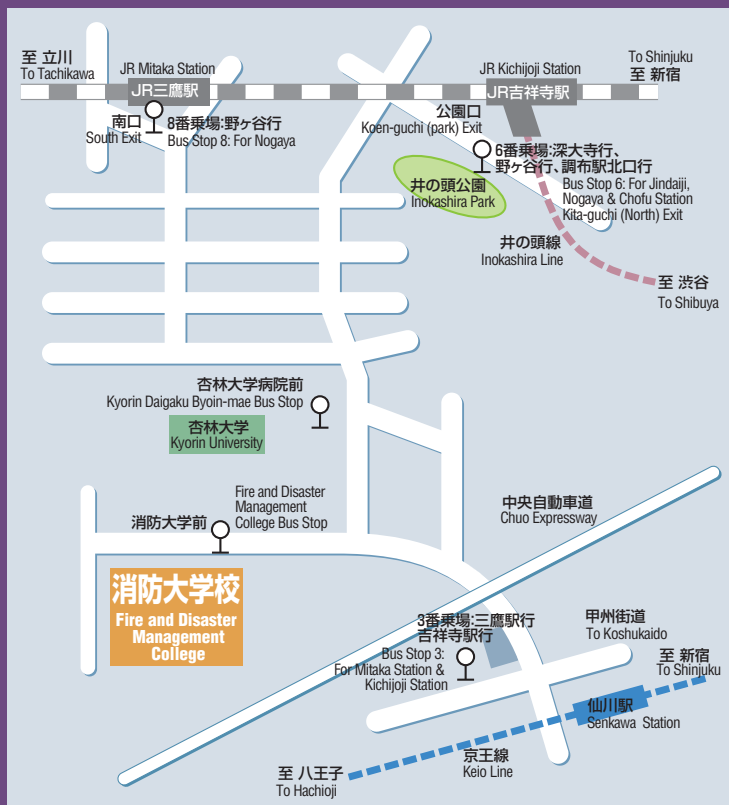

特別講習会

消防大学校では、安全管理の指導・監督者を対象に、特別講習会を開催しています。

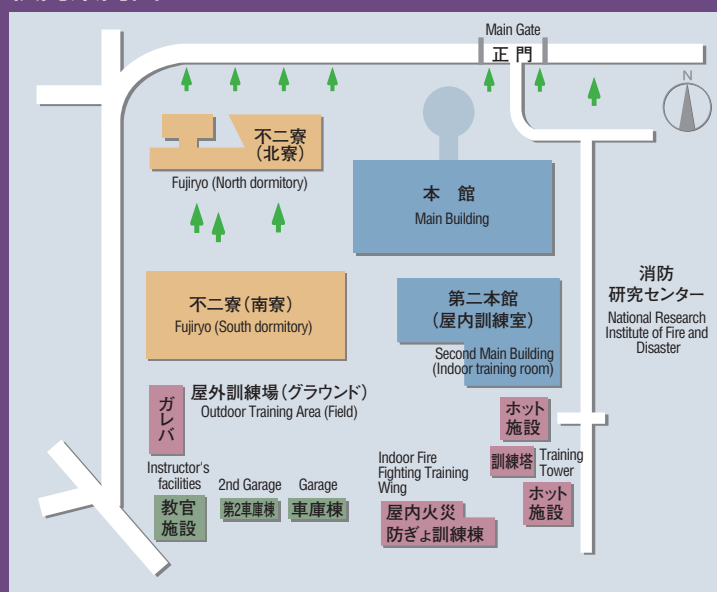

※ 特別講習会の受講者数は、上記の表に含まない

We organize Special Seminars for the commanders and the educators to learn safety management.

※ The number of participants at the Special Seminars is not included in the table above.
